

Member Financial Responsibility Statement

LegalEASE Certificate Holder,

It is important for you to be an informed consumer, who understands the specific provisions and limitations of your insurance policy. Please reference your policy or contact LegalEASE [1-888-416-4313] for questions regarding coverage and eligibility.

The attached Closed Case Statement (hereafter called claim form) is the form that is required to be signed by the member and it signifies that legal services included in your LegalGUARD Policy have completed. You should know that this Closed Case statement is not a guarantee of coverage or payment (partial or full). Neither LegalEASE, nor its affiliates or representatives, makes any representations or guarantees about the payment of these services to your attorney. The statement services to provide examples of reasons a claim may be denied.

In some cases claims may be denied based on the benefit coverage language in your Policy even if the work already started. A denial of a claim may include but is not limited to the following: the certificate holder (hereafter called "member") terminates coverage, the member terminates employment and does not continue coverage, the member changes from family to single coverage, the member's group terminates and the member does not continue coverage, the member misrepresented or was unclear about who the legal representation was for (child, parent, etc. when the member only has single coverage), the member is canceled for non-payment, the member misrepresented or was unclear of the facts of the legal matter, which render it not covered, and/or the member is reported active by their company or group but LegalEASE receives cancellation notice days or months later.

I, _____ understand that if, for any reason, my legal matter is not covered by my insurance, I am responsible for all legal fees arising from services provided by Legal Provider (attorney).
